Email: amanrai9436@gmail.com
Mobile: +91-8766344724

Skills

Languages: C++, Java, Kotlin, C, Python, JavaScript
Frameworks: HTML, CSS, Android Framework, PyQt5
Tools/Platforms: MySQL, Power BI, MS Excel, Android Studio, MongoDB, Git, GitHub, Firebase
Soft Skills: Analytical Problem-Solving, Task Planning & Prioritization, Rapid Learning & Adaptability

Projects

StrideSide – A fitness companion App | Link — Oct'25 – Dec'25

- Developed an Android fitness tracking app using Kotlin and Jetpack Compose that helps users monitor daily activity, track calories, and find walking partners with built-in safety features
- Implemented Firebase for authentication and data storage, and DataStore for local preference management.
- Designed modern UI components and interactive onboarding using Jetpack Navigation (Compose) for a seamless user experience
- **Tech: Kotlin, Jetpack Compose, Firebase, DataStore, Android Studio**

FortiFile – Secure File Management System | Link — Feb'25 – Apr'25

- Built a desktop application using Python (PyQt5) for secure file encryption, decryption, and intelligent file organization
- Integrated two-factor authentication (2FA) using Google Authenticator and TOTP for enhanced user security.
- Designed the entire system using MVC architecture to keep the code clean, scalable, and easy to maintain
- Implemented AES encryption with the Cryptography library and designed a modern dark-themed UI for seamless user experience
- **Tech: Python, PyQt5, Cryptography (AES), Google Authenticator, TOTP, File I/O, OOP**

Training

Data Science, Machine Learning & AI | Link — Jun'25 – Jul'25

- Completed hands-on training covering Python, NumPy, Pandas, SQL, data collection, business statistics, and data visualization using Matplotlib & Seaborn.
- Built multiple data science projects while learning supervised/unsupervised ML, cross-validation, hyperparameter tuning, deep learning with Keras, and model explainability (SHAP, LIME).
- Gained practical experience with modern AI systems including LLMs, transformers, prompt engineering, and developed a RAG pipeline using LangChain, Pinecone, and Streamlit/FastAPI
- **Skills: Python, NumPy, Pandas, SQL, Matplotlib, Seaborn, Scikit-learn, Keras (TensorFlow), SHAP, LIME, Transformers, LangChain, Pinecone, Streamlit, FastAPI**

Certificates

- **Social Networks** | Link — Oct'25
- **Computer Networking** | Link — Sep'24
- **Introduction to Hardware and Operating Systems** | Link — Sep'24
- **C Programming Language by CipherSchool** | Link — May'24
- **Crash Course on Python by Google** | Link — Jan'24
- **Digital skills: User Experience by Accenture** | Link — Oct'23

Education

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology – Computer Science and Engineering | CGPA : 7.8 — Since Aug' 23

Army Public School — Delhi Cantt, Delhi
Intermediate | Percentage: 86.0 % — Apr' 21 – Mar' 22

Army Public School — Barrackpore, West Bengal
Matriculation | Percentage: 89.0 % — Apr'20 – Mar'21
